

TGKL: Sibling / First Cousin Admissions Policy

At The Green Acres Academy, siblings and first cousins of current students are given preference for admission. This is subject to seat availability and the candidate's merit, and it is not an automatic right.

Definition of a First Cousin: A first cousin is defined as the child of a parent's biological or legally adopted sibling, or a child who shares the same grandparents. To verify this, please provide the common grandparents' names as listed on the parents' Aadhaar or PAN card.

Any attempt to manipulate this policy with fraudulent documents will result in immediate denial of admission.

Important Admission Information

We appreciate your interest in The Green Acres Academy. Here are a few things to keep in mind as you navigate the admissions process.

Fair and Final Decisions

The decision of our Admissions Cell is final. Any attempt to pressure or influence the school's decision will result in the immediate rejection of your application. We do not accept donations of any kind. If anyone claims they can secure admission for your child in exchange for a donation, please do not trust them and inform school authorities immediately. Our process is fair and unbiased, and any attempt to manipulate it will lead to the outright denial of admission.

While we are grateful for every family that applies, we regret that due to limited seats, we cannot offer admission to every child. This is in no way a reflection of your child or family, but purely a matter of space constraints.
